*** END OF REPORT ***

Based on the information provided the consumer reporting agency searched for public records in the sources referenced herein for criminal history information as permitted by federal and state law. 'Records Found' means that our researchers found a record(s) in that jurisdiction that matched the personal identifiers (i.e., Name, SSN, Date of Birth, Address) listed for the subject in the above abstract. The consumer reporting agency does not guarantee the accuracy or truthfulness of the information as to the subject of the investigation, but only that it is accurately copied from public records. Information generated as a result of identity theft, including evidence of criminal activity, may be inaccurately associated with the consumer who is the subject of this report. Further investigation into additional jurisdictions, or utilization of additional identifying information, may be warranted. Please call for assistance.

Please note that the Criminal and Eviction Searches are based on the applicant's name only. Therefore, although records may come back on the report, it does not mean these records belong to the applicant. It may belong to another person with the same name as the applicant. The user of this report should take further measures to ensure that the records do in fact belong to the applicant before making any credit decisions.
