

CRS Powers Data Furnishing

Our mission is to enable businesses with data furnishing licenses to easily report credit data to all three bureaus.

Ready to onboard customers today!

Data Furnishing

Data Furnishing helps customers build credit by reporting their credit history.

- ☀️ Simplify data reporting with our tools
- ✂️ Easily view and monitor reported data
- 🔧 Work within specific industry verticals

Reduce Delinquency Rates

Encourage faster repayments and ensure payment priority through credit score impact awareness, maintaining a healthier cash flow for your business.

↑ Improve Customer Credit

**Report to all
three Bureaus**

Reporting data is a unique value add for customers by strengthening their credit files with no additional effort.

⚙️ Build Industry Reputation

**Contribute
quality data**

Contributing account data to the bureaus demonstrates your commitment to data quality and driving customer value.

↓ Reduce Over Credit Extension

**Include your
trade lines**

The presence of your trade lines on a credit report ensures that lenders get the most accurate assessment.
