

This correspondence is for a debt consolidation loan referred by Resolve Finance (RF). All loan requests for an unsecured, closed-end personal loan are funded by or network of third-party lenders. RF has no control over participating lender creditworthiness eligibility criteria. APR/interest rates will vary depending on individual lender terms. RF does not endorse any participating lenders or brokers, and will not charge you for referring you to a participating lender. RF is an arranger of credit. RF researches and refers you to participating lenders, to whom you deal directly. For details, questions, or concerns regarding your requested loan, please contact your lender directly. Lenders may perform credit checks in order to evaluate your eligibility. By submitting a request to a participating lender, you are authorizing the lender to independently verify the information you submitted and your creditworthiness. This service and qualified participating lenders are not available in all states. This service does not constitute an offer or solicitation for loan products, which are prohibited by any state law. Void where prohibited. Lenders we refer to you may be unable to extend credit if the lender determines that you do not meet their lending criteria. Account approval is subject to verification and confirmation of your credit history and acceptance by the lender. We, or the lender, may request verification of income and employment, or obtain a consumer credit report to verify your creditworthiness and identity. Upon request, you will be informed of the name and address of the credit reporting agency furnishing any such report. Subsequent consumer credit reports may be requested and used in connection with an update, renewal, or extension of credit. Interest rates will vary and are based on lender terms. Your APR will be determined based on your credit at time of application. *Estimated monthly payments based on qualifying for the 5.99% APR over a 60 month term.
